Class of 2018 Special Edition

Once again, your school administration has chosen to work with a local photographer to capture the moments of your senior year for the yearbook. For the 21st year, this photographer will be **Mr. Robert Howard of "Howard Studios"** in Lebanon. Mr. Howard will provide, **FREE** of charge, all of the professional **CANDID** photography needed to produce your yearbook. The **DONATION** of these services, which amount to several thousand dollars annually, allows the yearbook to be sold at a reasonable price year after year. When you purchase your graduation portraits from Howard Studios, you help to insure that your school will continue to benefit from these very important contributions in years to come.

"Class of 2018" Print the **MOMENT**

Your Graduation Portrait is representative of a significant time in your life. This portrait should express who "you" really are. It takes a special kind of photographer to capture the personalities of today's "spirited" youth. Mr. Howard has successfully captured this moment for more than 60,000 graduates during his career. His unique portrait session combine the elements of glamour,

fun and excitement to capture the magic of young adults. As part of Howard Studios commitment to offer you "Simply The Best" photography, we maintain a modern studio adjacent to the Downtown Sports Lounge, at 738 Cumberland St, Lebanon. The studio employs the latest technology for both film and digital capture and allows us to offer you many new and exciting graduation portrait products.

YEARBOOK PORTRAIT REQUIREMENTS

Yearbook Session Photographed NO LATER than 9/30/2017.

Note: The Administration wishes to emphasize that you may choose ANY photographer to create your Senior Portrait package. However, only yearbook headshots photographed by Howard Studios will appear in the 2018 yearbook. This special session is only \$20.00

Howard Studio respects your right to select a professional photographer of your choice to create your graduation portrait images. There are many respectable studios in Lebanon County. However, there are also many who may advertise themselves as photographers but lack the skills and equipment necessary to completely create a proper portrait that's also suitable for publication in a yearbook. In past years, far too many of these low quality

images were submitted for publication. Because of this fact and in accordance with (P.L. 30, NO 14), Public School Code of 1949, your school is exercising its right to enforce the highest publication standards possible. The lack of uniformity of the past made for sloppy looking publications and even limited the advancement of district publications in nationwide competitions. We at Howard Studios believe that we offer our clients

superior quality images at a reasonable price. We will work with you to meet your school's yearbook requirements even if you choose to purchase your images from another studio. You have several options to comply with these changes. Call us with any questions that you may have.

Clothing Criteria

Gentlemen will be required to wear a tie.

Ladies we suggest long sleeved clothing to maintain an elegant portrait.

All Seniors Participating in Fall Sports will need to schedule before their season starts.

\$ 35.00 RUSH FEE added after 9/30/2017
